Jody Connor  
Susan Hackler  
D. Chaplin  
Bill Gabler  
Conservation Law Foundation

**10: 15 am**

Meeting was called to order by Chairman Currier.

Rep. Currier Directed the Commission member's attention to handouts from Ms. Patterson related to recent decisions. He stated that there would be two presentations on the day; the first was related to boathouse decisions and the interplay between RSA 482-A and RSA 483-B to be given by Ms. Patterson and the second presentation would be a series of case studies looking at the implementation of the CSPA by Ms. Forst. Mr. Currier asked Ms. Patterson if she was ready to begin.

Ms. Patterson introduced Brad Kuster from the Conservation Law Foundation and explained that he would be delivering the presentation and she would only be offering clarification as needed.

Mr. Kuster delivered the presentation which looked at the permitting process as it applied to two boathouse projects and the subsequent appeals of those projects by the Conservation Law Foundation and the findings of the Belknap County Superior Court.

At approximately 11:40 Mr. Kuster completed his presentation and Ms. Forst began the review of 4 case studies examining the implementation of the CSPA in permitting and enforcement situations.

Rep Currier suggested at approximately 12:30 that since there were still 2 case studies to be discussed at the November meeting.

**12:35 Meeting adjourned**

**Next meeting scheduled for November 7, 2005**
